

AD MEN BOOST STAMP DRIVE

Appeal of Chairman Coles to Help Push Campaign Gets a Response.

Following an appeal by A. P. Coles, El Paso chairman of the war savings stamp campaign, the Advertising club at its meeting Wednesday noon decided to get behind the campaign and help make El Paso its "big" in the campaign. Mr. Coles said he was charged at the fact that this city is lagging behind.

The club began active work at the meeting. On motion of H. B. McClintock, it was decided that every member of the club be given five pledge cards and that they be filled in. The cards were distributed and in a few minutes Zach Silverman announced that his company would take \$100 and H. B. Bowie said he would take \$50 of the stamps.

Advertisers Get Busy.

A. E. Benson, of Denver, Colo., said he would donate space in street cars for advertising the stamps, if some printing company would donate the cards. Thereupon Leo Perlet said his company would contribute 100 printed cards. R. F. Davis said he would mail letters for Mr. Coles to get signatures of pledge cards motivating them of their obligation to purchase stamps.

The matter was discussed by E. W. Altemus, Rev. Fuller Swift, J. H. Regal and other members. While Gunther Lessing, a guest, appealed, on behalf of the men in the army, that those at home back them up in every way and send them everything they need. Mr. Regal said he would have a rubber stamp bearing the words "Buy a War Savings Stamp Today" made and would stamp every letter leaving his house.

At the next meeting further ways and means of helping the movement will be worked out. A plan whereby one a month was stamped used in the city an money was suggested and discussion of this was left over for next meeting.

LaFollette Is Censured After A Bitter Fight

Deadlock In the Wisconsin Legislative Assembly Is Broken After 24 Hours.

Madison, Wis., March 6.—The resolution censuring Senator LaFollette was passed by a vote of 32 to 32 in the state assembly this afternoon. The resolution, passed by the senate a week ago and by the assembly today, reads:

"The people of the state of Wisconsin always have stood and will stand squarely behind the national government in all things which are essential to bringing the present war to a successful end and we condemn Senator Robert LaFollette and all others who have failed to see the rightness of our nation's cause, who have failed to support our government in matters vital to the winning of the war, and who have incited division among the people of our country and to injure Wisconsin's fair name before the free people of the world."

After 24 hours of self-imposed deadlock in the state house, the assembly reached a compromise which broke the deadlock.

The loyalist strength shown on a roll call at 2:10 o'clock this morning showed 48 votes, three fewer than required. At 5:45 the weary members again voted on the roll call and this time the roll call was 47 yeas, 32 nays. The register showed that assemblyman Audenbacher had shifted to the loyalist side, but that two of the latter, Engstrom and Kuntzsch, had gone over to the LaFollette side. Another roll call at 7 o'clock left the situation unchanged. Loyalist members admitted that they had reached their maximum strength. A motion for a gentleman's agreement to go out for something to eat also failed at 7:30.

Day of Ceaseless Struggle.

The members convened at 10 o'clock yesterday morning and at 2:10 o'clock with 38 present out of a total membership of 100. The roll call of the night was taken. Forty-eight yeas, three less than the required 51, were cast in favor of a motion to raise the roll call, a formality necessary before the resolution can be taken up. The larger figures represented the strength of the loyalists. A moment later the demand to see the roll call was made. The tired members and heavy eyelids were expressed in the failure to pass a motion to adjourn.

Many Slumber at Decks.

Most of the members spent the night on their feet, but many sought out rooms for a nap or stretching out on their desks. The larger figures represented the strength of the loyalists. A moment later the demand to see the roll call was made. The tired members and heavy eyelids were expressed in the failure to pass a motion to adjourn.

EL PASO BANKS ARE PATRIOTIC

Subscribe Quota in Treasury Certificate Drive; Texas 'Over Top.'

El Paso banks subscribed their full quota for treasury certificates in the recent treasury certificate drive in this district. This announcement was made by Alfred F. Kerr, clearing house president, following the receipt of word in El Paso from director of sales Adams, of Dallas, that the subscription for treasury certificates in this district totaled \$19,000,000. The subscription of the banks of El Paso amounted to one percent a week for three weeks of the total resources of each bank.

Ask Support For Next Week.

Director Adams has asked for the support of the district directors and county chairmen in Texas, Arizona and New Mexico when the secretary of the treasury announces the next week of treasury certificates, and requests that the bankers of the district be prepared to take the quota allocated.

"Bankers should realize that treasury certificates will be paid in cash at their respective maturity dates," he said in the message received here Wednesday morning. "They should realize further that no business in this country is safe unless the armies are clothed, fed and furnished with munitions."

THRIFT STAMP MONEY SQUANDERED, IS COMPLAINT

Washington, D. C., March 6.—"It is very hard to go out and sell thrift stamps to children and then have the money blown in, as it is, on fat salaries and oversized contracts," this statement in a letter from a constituent, read by senator Nelson, furnished one of the features of the Hot Island shipyard inquiry yesterday.

Salaries of \$20,000 and \$25,000 a year and \$10,000 expenditures for publicity were defended by Dwight P. Robinson, president of the shipbuilding corporation.

Many of the yards' officers were employed by the Boston engineering firm of Stone & Webster before entering the employ of the International corporation and Mr. Robinson told the committee that in the cases of such men the increased salaries they now receive represent what they would have been paid by Stone & Webster had they remained with that firm.

BOY SCOUTS TO WAGE BIG WAR STAMP CAMPAIGN

Each successive call for service has brought the Boy Scouts of America ready to go over the top. Over 300,000 are about to start a campaign for the sale of war savings stamps and thrift stamps. The local organization will start this week. Each scout will be assigned a definite territory and each block will be systematically covered.

Instruction pamphlets have been printed by the government, and a special supply of 5,000,000 post cards supplied. The United States treasury department will give medals to all scouts who during the balance of the year sell \$250 worth of these stamps. These medals will be known as "Ace Medals" along the lines of those given by the French army to aviators who have brought down five enemy aeroplanes. For each additional \$250 worth sold, a bronze palm leaf will be awarded.

JOIN \$1000 CLUB.

With the purchase of \$1000 worth of war savings stamps each, Mr. and Mrs. W. R. Brown Wednesday morning increased the membership of the Texas Limit club in El Paso to eight persons. Other members of the Texas Limit club are: Les H. Orndorff, H. P. Jackson, H. D. Camp, R. E. Hines, the Elks club and the firm of Dudley and Orr.

More Than 100 Secretaries And Delegates at Meeting.

The first enlisted men's conference of the Y. M. C. A. ever held in the southwest was held Wednesday at the Hotel Paso del Norte ball room. Approximately 100 men gathered in the big ball hall to discuss the purpose and progress of Y. M. C. A. work in the army camps of the southwest.

S. L. Clarke, general secretary of the Port Bliss Y. M. C. A., headed the committee on arrangements, and had much to do with the formation of a live program, full of pep and enthusiasm, which features the conference.

ARGUMENT FOR WAGE ARBITRATION IS CLOSING

Chicago, Ill., March 6.—Closing arguments of counsel were delivered today in the packers' wage controversy. Announcement was made that the hearing would be concluded before the day was over when federal Judge Samuel Alschuler, the arbitrator, will take the case under advisement for decision.

Attorney Carl Meyer opened the argument for the packers and was followed by attorney James G. Condon, who closed the case for the employees' side.

Attorney Carl Meyer opened the argument for the packers and was followed by attorney James G. Condon, who closed the case for the employees' side. Attorney Frank P. Walsh delivered the closing argument for the men. Attorney Meyer said that all the packers desired in the present proceedings was justice and right.

Speakers severely criticized the action of Francis J. Heney, counsel for the federal trade commission, in making public a number of confidential letters from the files of the packers which he said have no bearing on the question of wages involved in the present hearing.

He charged attorney Heney with being inspired by self-aggrandizement and political ambition in his "bitter and unfair" attacks on the packers.

OPENS 3520 ACRES NEAR LAKE HALL FOR GRAZING

Grazing lands aggregating 3520 acres on the west bank of Lake B. Hall, Elephant Butte, have been opened to the public for grazing. The lands are being offered to the highest bidder, according to manager J. M. Lawson, of the Elephant Butte project. Sealed bids will be received at the Mills building offices of the reclamation service until March 22, at which time bids will be opened. The lands are situated on the highest bluff.

The land in the tract is not irrigable, and the grazing is for purposes of the land within the contour of the lake, at such times as the water is low, and the land is not too wet. The lease expires at the termination of five years, but the lessee will have the privilege of meeting the highest bid made by any other person at that time.

ARMY AIRMEN'S RIVALRY FOR RECORDS IS KEEN

Washington, D. C., March 6.—Student aviators at the various flying fields are so keenly jealous of the records made by other fields that they are willing to do anything to establish themselves frequently. One of the fields near Fort Worth, Texas, reported recently that it had won the prize of \$10,000 for the fastest flight of a biplane, flown by the students in one day.

A statement showing the large number of men now in training and the distances flown by them probably will be issued soon to show the public that recent accidents represent only a small percentage of the men engaged in this important work.

Recruiting for the aviation corps has been stopped temporarily, because of the large number of men on the waiting list.

WAR FINANCE BILL TO BE AMENDED, IS AGREED

Washington, D. C., March 6.—Opposition to the war finance bill prevailed in the senate today and administration leaders accepted a compromise by which the bill was agreed to dispose of the bill tomorrow.

DEBATE WAXES WARM OVER MERGER; DRY FEDERATION FORMED.

Chicago, Ill., March 6.—With the debate interrupted by frequent heckling and with feeling running high, delegates at the 15th national convention of the Prohibition party today began the second day of the special session called to decide upon a merger with the new national party. Ten minute speeches favoring the merger ended during the forenoon and the opposition, which thus far has won several test clashes, opened its attack, led by Dr. Edwin Worrell of Illinois. Yesterday Dr. Worrell introduced a resolution favoring the merger, provided most of the principles of the Prohibition party be sacrificed, but announced in his address today that he had changed his views.

Attack on Gompers.

George Hargreaves of New York, favoring the merger, caused much controversy when he called Samuel Gompers, president of the American Federation of Labor, the most important member of president Wilson's cabinet, although not really a member. Gompers' name was again mentioned by Burton Rockwood, Michigan state chairman, who said in connection with a rumor that he is to be a member of the National party, that "Gompers has fought better the things the Prohibition party has sought for the last 40 years."

To permit the Prohibition party delegates to attend the opening session of the National party convention, it was announced that that party's meeting would be held today.

Dry Federation Formed.

Formation of a national dry federation, which will be composed of practically every leading prohibition society in the country and will be the biggest organization in the world, was announced. William Jennings Bryan is president of the organization and active speaking campaigns will be started at once.
